File #: 23-1128, **Version:** 1

Report Prepared by: Amanda Williams, Development Services Tech, Engineering

SUBJECT: Continued Request #23-16 - Requesting upgrades to the roadway/shoulder to stop damage from vehicles using the requestor's property as a shoulder, and to stop damage from flooding at the south edge of 16th Street, east of the car wash at G Street. (Chris Grant)

REPORT IN BRIEF

Citizen states that due to worn markings and a lack of separation between the roadway and their property, there has been significant damage and flooding to their property. Vehicles of all sizes use the property as a shoulder, leaving behind significant damage to sprinklers and landscaping.
