### CITY COUNCIL PRIORITIES

As provided for in the 2022-23 Adopted Budget.

### DISCUSSION

In 2020, the Planning Commission of the City of Merced adopted Resolutions #4035 (attachment #2) and #4036 (attachment #3) approving Conditional Use Permit #1238 and Site Plan Review #455, respectively. The entitlements allow for the construction of a mixed-use development consisting of 214 apartment units and approximately 37,000 square feet of commercial uses (retail and office) within four buildings on approximately 5.94-acre parcel generally located at the southeast corner of Yosemite Avenue and McKee Road ("Hub Planned Development Project"). Merced Holdings, LLC., is the developer of the Hub Planned Development Project.

Prior to the development, the previous owner relinquished and released all but 30 feet of their abutter's rights of access to McKee Road as described in the Grant Deed to Merced County recorded on May 29, 1987 in Volume 2611, Official Records, Page 583, M.C.R. (attachment #4) and delineated

on Parcel Map for Nuketta L. Pretzer-Jensen recorded on May 29, 1987 in Book 58 of Parcel Maps, at Pages 43 & 44. M.C.R. (attachment #5)

Merced Holdings LLC., now desires abutter's rights of access that were relinquished and released by Grant Deed (Vol. 2611, Page 583) to be restored to them for purposes of completing the Hub Planned Development Project.

Staff has reviewed the off-site improvement plans (attachment # 6) and prefers the new driveway location on McKee Road as it provides the public a safer entrance to and from the development. As part of the project, the owner will be required to dedicate an additional 20-feet of right-of-way on Yosemite Ave and McKee Road (attachment #7). The dedication on McKee Road would create a gap between the new dedication and the existing abutter's rights causing a potential liability issue for the owner and the City.

Staff recommends City Council restore the access to McKee Road as stated above. Any future access would need to be approved by the City Engineer.
