Report Prepared by: Alivia Alfaro, Administrative Assistant II, Engineering

SUBJECT: REQUEST #24-30 Requesting Bollards To Be Installed To Restrict Access To The Dead-End Road Of Nottingham Avenue.

REPORT IN BRIEF

Citizen and community states that this neighborhood is filled with constant occurrences of illegal and dangerous activities, specifically taking place in the dead-end road of Nottingham Avenue. This poses a significant safety hazard for citizens in the area. Citizen adds that these dangerous activities also include an accumulation of debris that requires city cleanup resources. The addition of bollards that restrict access to the dead-end road can support a safer environment for community members, while also reducing the opportunity for illegal activities to take place in this area.
