DISCUSSION

The City of Merced Fire Department is requesting the Merced City Council to approve a Memorandum of Understanding (MOU) between the City of Merced, the County of Merced, City of Atwater, and the City of Los Banos for an Operational Area Hazardous Materials Response Team

(TEAM). Each of the parties of this agreement will designate a certain number of trained personnel to serve on the TEAM. This MOU establishes the minimum levels of training and on-going training that is required of participating members. It also establishes the responsibilities of each of the participating agencies and cost recovery procedures.

By approving this document, this will allow the City and County to formalize their hazardous materials response program and increase the number of trained responders responding to incidents throughout the City and County.

IMPACT ON CITY RESOURCES

No appropriation of funds is needed, all support will be provided by existing staff.
