Report Prepared by: Karen Baker, Economic Development Associate, Merced Yosemite Regional Airport

SUBJECT: Airport Manager Report

REPORT IN BRIEF

The Airport Transient Restroom project has been completed at the Merced Yosemite Regional Airport. The restroom was trucked in and put in place by crane on September 28th, 2023. Once the plumbing and electrical connections were made and final inspection by the Engineering Department had passed, the bathroom was made available for public use. The three portable restrooms at the Airport have been picked up by Crown Services.

The Cal Trans Division of Aeronautics, Office of Airports came in for an inspection on Tuesday, 14, 2023. The Merced Yosemite Regional Airport passed our annual inspection and said that everything was in good order.
