DISCUSSION

The U.S. Department of Justice (DOJ) Edward Byrne Memorial Justice Assistance Grant (JAG) is the primary provider of federal criminal justice funding to state and local jurisdictions. JAG funds support all components of the criminal justice system, from multijurisdictional drug and gang task forces to crime prevention and domestic violence programs, courts, corrections, treatment, and justice information sharing initiatives. JAG funded projects may address crime through the provision of services directly to individual and/or communities and by improving the effectiveness and efficiency of criminal justice systems, processes, and procedures.

The JAG program solicits applications from eligible tribes, and units of local government for local initiatives, technical assistance, training, personnel, equipment, supplies, contractual support, and information systems for criminal justice, as well as research and evaluation activities that will improve or enhance the following areas:

- Law enforcement programs
- Prosecution and court programs
- Prevention and education programs
- Corrections and community corrections programs
- Drug treatment and enforcement programs
- Planning, evaluation, and technology improvement programs
- Crime victim and witness programs (other than compensation)

JAG funded projects may address crime through the provision of services directly to individuals and/or communities and by improving the effectiveness and efficiency of criminal justice systems, processes, and procedures.

The Merced Police Department submitted a timely application to receive grant funding for the 2019 JAG grant program. The City of Merced was eligible to request funding up to the amount of \$42,513. This amount is established by the DOJ. There is no match requirement on this grant award.

The MPD applied to spend \$11,204 on safety equipment supplies for the command staff vehicles. Items include: ammunition boxes, ammunition, ammunition magazines, jumper cables, and mobile ballistic shields.

JAG funds were requested to spend \$1,276 (3% of the award amount) for consulting on the mandatory change to the National Incident Based Reporting System (NIBRS) as mandated by the FBI. All applications were required to request 3% of their award for this purpose.

We requested \$10,033 to help pay for cell phone service for new cell phones added to our department.

Lastly, we requested \$20,000 to cover the cost of implementing a department wide wellness software application.

The grant requires that the application and subsequent award be made available in a public meeting and that the public has an opportunity to comment on the acceptance of the funding before it is accepted by the City. Notification was given to City Council over 30 days ago on the award

notification.
