DISCUSSION

In November 2016, the City applied for Congestion Mitigation and Air Quality Improvement (CMAQ) funds to install approximately 1,314 linear feet of multi-use path (sidewalk and bicycle lanes), corresponding curb and gutter and ADA compliant curb ramps and driveway on Motel Drive from Carol Avenue to Merced Avenue.

Installing a multi-use path along Motel Drive from Carol Avenue to Merced Avenue will allow for both bike and sidewalk connectivity for Golden Valley High School students, residential community,

tenants at the hotels/inn/motels to access restaurants and stores along the Motel Drive corridor.

This portion of the project is for Preliminary Engineering, which will allow for design, prepare engineering plans and specifications, environmental review and public outreach. Federal-Aid Projects Program Supplement Agreement No. 030-F allows \$53,983 in grant funds and a local match of \$6,995 toward the Preliminary Engineering of this project.

IMPACT ON CITY RESOURCES

Staff recommends accepting grant funds from the State of California adopted CMAQ Program, increasing revenue account 450-1104-321.32-00 in the amount of \$53,983, and appropriating the same to account 450-1104-637.65-00-119043 for Preliminary Engineering costs. Additionally, Fund 075-Measure V Alternative Modes will be used for the matching funds in the amount of \$6,995.
