DISCUSSION

The U.S. Department of Justice (DOJ) Edward Byrne Memorial Justice Assistance Grant (JAG) is the primary provider of federal criminal justice funding to state and local jurisdictions. JAG funds support all components of the criminal justice system, form multijurisdictional drug and gang task forces to crime prevention and domestic violence programs, courts, corrections, treatment, and justice information sharing initiatives. JAG funded projects may address crime through the provision of services directly to individual and/or communities and by improving the effectiveness and efficiency of criminal justice systems, processes, and procedures.

The JAG program solicits applications from eligible tribes, and units of local government for local initiatives, technical assistance, training, personnel, equipment, supplies, contractual support, and information systems for criminal justice, as well as research and evaluation activities that will improve or enhance the following areas:

- Law enforcement programs
- Prosecution and court programs
- Prevention and education programs
- Corrections and community corrections programs
- Drug treatment and enforcement programs
- Planning, evaluation, and technology improvement programs
- Crime victim and witness programs (other than compensation)

JAG funded projects may address crime through the provision of services directly to individuals

and/or communities and by improving the effectiveness and efficiency of criminal justice systems, processes, and procedures.

The Merced Police Department submitted a timely application to receive grant funding for the 2017 JAG grant program, however, due to circumstances out of the City and the Department's control, the grant funding was only recently awarded and able to be accepted by the City. Due to these circumstances, the US DOJ has made the grant award retroactively, effective October 1, 2016, and will allow the funding to be used through September 30, 2020. The City of Merced was eligible to request funding up to the amount of \$48,280. This amount is established by the DOJ. There is no match requirement on this grant award.

The MPD will use JAG funds to purchase upgraded cell phones with cases and data plans at \$19,650.

In addition, JAG funds will be used to purchase crowd control equipment and supplies including barriers, batons, shields, and tactical dischargers/cartridges at \$26,890.

The last item to be purchased is software licenses to access mapping software at the cost of \$1,740.

The grant requires that the application and subsequent award be made in a public meeting and that the public has an opportunity to comment on the acceptance of the funding before it is accepted by the City.
