## DISCUSSION

Golden Valley Health Centers (GVHC) requested that CMFA serve as the municipal issuer of tax-exempt bonds in an aggregate principal amount not to exceed \$17,000,000 of which approximately \$6,550,000 will be allocable to a project in the City and the remaining amount will be allocable to projects in another city.

The CMFA was created on January 1, 2004 pursuant to a joint exercise of powers agreement to promote economic, cultural and community development, through the financing of economic development and charitable activities throughout California. To date, over 300 municipalities have become members of CMFA.

The CMFA was formed to assist local governments, non-profit organizations and businesses with the issuance of taxable and tax-exempt bonds aimed at improving the standard of living in California. The CMFA's representatives and its Board of Directors have considerable experience in bond financings.

The proceeds of the Bonds will be used to for the acquisition and installation of a practice management system, to replace the Corporation's current practice management system, including software and licenses.

In order for all or a portion of the Bonds to qualify as tax-exempt bonds, the City of Merced must conduct a public hearing (the “TEFRA Hearing”) providing for the members of the community an opportunity to speak in favor of or against the use of tax-exempt bonds for the financing of the Project.

### **IMPACT ON CITY RESOURCES**

The Bonds to be issued by the CMFA for the Project will be the sole responsibility of the Borrower, and the City will have no financial, legal, or other obligation, liability or responsibility for the Project or the repayment of the Bonds for the financing of the Project. All financing documents with respect to the issuance of the Bonds will contain clear disclaimers that the Bonds are not obligations of the City or the State of California, but are to be paid for solely from funds provided by the Borrower.

Through its conduit issuance activities, the CMFA shares a portion of the issuance fees it receives with its member communities. With respect to the City of Merced, it is expected that a portion of the issuance fee will be granted to the City.
