DISCUSSION

In April 2022, City Council authorized an Agreement for Professional Services with Precision Civil Engineering, Inc. for the creation of a master plan set for a new Off the Shelf Cottage and Accessory Dwelling Unit (ADU) Program. The funding is provided by the State of California, Department of Housing and Community Development's Senate Bill 2 (SB2) Planning Grants Program.

The program is nearing completion of a catalog of pre-approved plans for the public to use to build a standalone cottage sized home or ADU. The grant funding ends on September 30, 2023. This extension adds time to allow for completion of the entire scope of work and to match up with the funding completion date.

IMPACT ON CITY RESOURCES

The funding for this agreement is provided via a Planning Grants Program (SB2) from the State of California Department of Housing and Community Development. No appropriation of funds is needed.
