DISCUSSION

The Recreation and Parks Commission and City Council have developed an interest in additional oversight of the use of City Recreational Facilities to ensure investments are in alignment with the mission of the Parks and Community Services Department. The terms of use for recreational facilities are guaranteed for one year with the potential to extend use to Providers for an additional year, based on lessee performance.

Quarterly reports were developed to serve several functions including but not limited to assisting Providers to report their efforts, standardize the collection of information determined to be important to the use of Recreation Facilities, and to assist in the decision-making process when considering requests for contract extensions by current Providers.

The attached reports were provided to the Director of Parks & Community Services to share with Commission. These reports reflect the services provided in Quarter 1 (July 1, 2023- September 30, 2023).

Reports were Provided by Challenged Family Resource Center but not for Boys and Girls Club of Merced County nor Restorative Justice League.
