AUTHORITY

Section 20.44.170(L)(c) of recently adopted Ordinance No. 2480 calls for the establishment of a merit-based scoring system to objectively award commercial cannabis business permits for which there are a limited number of permits available.

CITY COUNCIL PRIORITIES

On March 29, 2017, the City Council held a study session on priorities and medical marijuana regulations were listed under "City Administration-Current Projects."

DISCUSSION

Background

On November 20, 2017, the City Council introduced Ordinance No. 2480 which established regulations for Commercial Cannabis Businesses and the cultivation of cannabis for personal use in the City of Merced. The Ordinance was adopted on December 4, 2017, and will be effective 30 days

later on January 3, 2018.

Ordinance No. 2480 included Section 20.44.170(L)(c), which set forth that a merit-based scoring system is to be established to objectively award commercial cannabis business permits for which there are a limited number of permits available. Merced's Ordinance allows only four (4) Commercial Cannabis Business Permits for dispensaries/ retail sales.

Draft Merit-Based Selection Criteria

Draft versions of the Merit-Based Selection Criteria were included in the Planning Commission staff report for its consideration of the Draft Ordinance on November 8, 2017, and in the City Council Administrative Report for its consideration of the Draft Ordinance on November 20, 2017. However, at that time, the Planning Commission and City Council were not asked to adopt the Criteria, but only to provide comments on the drafts. The only comments received from the Planning Commission and City Council were to try to provide a "local preference" in the Criteria. City staff also received some comments from members of the public and the cannabis industry relating to the Criteria.

Based on the input received and after extensive review by City staff (including Planning and City Attorney staff) and SCI Consulting, a revised draft of the Merit-Based Selection Criteria is now available at Exhibit A of the City Council Resolution (Attachment 1). The revised Draft includes a number of the suggestions described above. Points have been added to address a preference for City residents as owners and employees, with a smaller number of points also available for those within Merced County or within 100 miles of Merced in some categories. Please note that the points are cumulative. For example, in Section 5, there are points awarded for prior experience with 1 point for 6 months to 1 year, 1 point for 1 to 3 years, 1 point for 3 to 5 years, and 2 points for over 5 years. Therefore, if an applicant has over 5 years of experience (Criteria 5d), they would be awarded a total of 5 points.

SCI and City staff believes that the draft Criteria provides a good balance between the desire to have highly successful cannabis businesses, to address neighborhood concerns, and to have preferences for local businesses. The City Council is being asked to review the Draft Criteria, provide any comments or suggestions, and then adopt the Resolution at Attachment 1.

IMPACT ON CITY RESOURCES

No appropriation of funds is needed. However, adoption of the Ordinance (and the Merit-Based Selection Criteria) will likely increase the time commitments of City staff toward cannabis activities at the expense of other priorities or projects. Depending on the level of interest, the number of applications for Commercial Cannabis Business Permits may be significant, impacting mostly Planning Division staff, but will also impact the City Manager's office, the Police Department, Finance Department, and others. Ongoing resources will also need to be devoted to inspections and regulatory and enforcement activities of approved Commercial Cannabis businesses.

On December 18, 2017, the City Council was asked to adopt application fees to cover the cost of processing the Commercial Cannabis Business Permits and annual regulatory fees to cover the costs of ongoing inspections. A ballot measure to consider a tax related to cannabis is also anticipated in 2018.
