DISCUSSION

Mission Avenue is a 6-mile stretch of road on the southernmost boundary of the City limits that goes between City and County jurisdictions, and in certain areas, is solely located within County jurisdiction (Attachment 4). Mission Avenue is oriented to facilitate traffic traveling east and west, from S. Tower Road to S. West Avenue. Mission Avenue traffic flow was disrupted around 2011, when Caltrans completed the Mission Avenue/Campus Parkway interchange. This new interchange prevented traffic on Mission Avenue from traveling directly across Highway 99.

The portion of Mission Avenue that the City is proposing to vacate (described at Attachment 2 and shown at Attachment 3) was highly impacted by the realignment of Highway 99, and the creation of the Mission Avenue/Campus Parkway interchange. The subject site is a mostly undeveloped 400-foot portion of Mission Avenue with limited public improvements that spans between S. Coffee Street and Highway 99. If this portion of Mission Avenue were to be constructed, it would come to a terminus along the N. Highway 99 off-ramp. This portion of Mission Avenue can no longer facilitate traffic over Highway 99 like originally intended. Instead, drivers wanting to travel over Highway 99 can use the nearby Campus Parkway/Mission Avenue overpass (shown at Attachment 1) to drive to the other side of Mission Avenue. City staff, including the Engineering Department, have reviewed this request and have concluded that this portion of Mission Avenue is no longer needed to help facilitate traffic or significantly improve the Level of Service/Vehicle Miles Traveled in this area when the surrounding parcels are eventually fully developed with commercial projects. Vacating the subject site would give the City the added fiscal benefit of having less roads to maintain.

Vacating a Portion of Mission Avenue

If the street vacation is to be approved by the City Council, the portion of Mission Avenue, between S. Coffee Street and Highway 99 would be transferred to the parcel to the north. The property owner of this site is Shemoil Moradzadeh and he intends to use his adjacent 7.5-acre site to develop a commercial center. Mr. Moradzadeh is currently in the process of submitting plans for his commercial center. Attachment 6 shows Mr. Moradzadeh's draft proposal which includes a 5-story hotel (with 134 rooms) directly adjacent to the vacation site. The commercial center would also include 3 fast food restaurants, 2 sit-down restaurants, and one gas station at the corner of Campus Parkway and S. Coffee Street. The commercial center would have 3 driveways from S. Coffee Street, including one

from the vacation site. The applicant would like to utilize the vacated portion of Mission Avenue to provide more parking for his commercial center. Mr. Moradzadeh believes that the added parking stalls can be of significant value to his development given that the hotel is expected to have grand ball rooms for parking intensive events such as conferences, weddings, quinceaneras, family reunions, and other functions.

Mr. Moradzadeh's proposal would be consistent with the site's Zoning Classification and General Plan designation, which is Thoroughfare Commercial (CT). The CT designation allows uses that are commonly seen along highways. Because of the development's consistency with land use, it is likely that this proposal can go before the City's Site Plan Review Committee for review. However, before submitting plans, Mr. Moradzadeh and his architect would like to know if they can include the vacation area on their site plan for official consideration. The developer would like to begin this project as soon as possible. Certain other elements of Mr. Moradzadeh's commercial center might be brought to the Planning Commission or City Council in the future for special land use approvals, such as alcohol sales for off-site consumption and a large freeway freestanding sign.

Planning Commission Action

On April 3, 2019, the Planning Commission considered the General Plan Amendment and Vacation. After the public hearing on the General Plan Amendment, the Planning Commission voted 6-0-1 (6 ayes, 1 absent) to recommend approval of General Plan Amendment #19-01 and made a finding of General Plan consistency (contingent on Council approval of GPA). The Planning Commission Resolution and minute excerpts can be found at Attachment 8.

Environmental Clearance

Planning staff conducted an environmental review of the project in accordance with the requirements of the California Environmental Quality Act (CEQA), and a Categorical Exemption is being recommended (Attachment 7).

Amendments to the *Merced Vision 2030 General Plan*

The adoption of the Resolution found at Attachment 9 would modify the Merced Vision 2030 General Plan Figure 4.1 ("City of Merced Circulation Plan") and Figure 4.2 ("Major Regional Routes), as shown at Attachments 4 and 5. These figures would be amended to eliminate the portion of Mission Avenue, between S. Coffee Street and State Highway 99.

Vacation

The adoption of the Resolution found at Attachment 10 would set a public hearing for Vacation #18-01 on June 17, 2019.

Environmental Clearance

Planning staff conducted an environmental review of the project in accordance with the requirements of the California Environmental Quality Act (CEQA), and a Categorical Exemption is being recommended (Attachment 7).

IMPACT ON CITY RESOURCES

There would be no impact on City resources with this action.
