*Report Prepared by: Karen Baker, Economic Development Associate, Merced Yosemite Regional Airport*

**SUBJECT:** Update on the Airport Terminal Replacement Project

### **REPORT IN BRIEF**

Update on the Airport Terminal Replacement Project

### **RECOMMENDATION**

Information only-no action required

### **DISCUSSION**

The Merced Yosemite Regional Airport has made substantial progress with the Terminal Replacement Project. City Staff received Categorical Exclusion approval on March 29, 2023, from the FAA. The City of Merced Engineering staff posted the bid for the Terminal on March 30, 2023, and it will close on April 27, 2023. A Pre-Bid meeting was held on Tuesday, April 11, 2023, for contractors interested in submitting a proposal. The meeting was a success in that we had 20 contractors attend the meeting which was not a requirement in the bid process.

Michael Beltran, City Engineer, will be providing updates on the RFP, importance of the Categorical Exclusion, and the bidding process.
